## **About our Global SAP Practice:**

Deloitte helps Clients respond confidently to ongoing disruption — to become a Kinetic Enterprise capable of evolving to meet tomorrow's business needs. Our team deeply understands what it takes to deliver results. We have been working side by side with SAP for three decades, which has given our alliance with SAP a reputation for excellence and an extensive track record of results when it comes to enterprise transformation.

We are one of the largest SAP Practices in the world (with more than 23.000 professionals) and an Industry leader, recognized not only by SAP but also by independent analysts (Gartner, Forrester).
