

The mission of the **Curacao Civil Aviation Authority (CCAA)**, the civil aviation authority on the island of Curaçao, is to ensure aviation safety and security on a national level. The CCAA, as a part of the Sector of Traffic and Transport of the Ministry of Traffic, Transportation and Urban Planning, advises the Minister and other governmental stakeholders regarding legislation, regulations and all other matters concerning aviation safety and security and is responsible for activities such as safety oversight, registration and certification of aviation service providers, personnel licensing, and monitoring compliance to ICAO and other international treaties, agreements, conventions, annexes, and standards. For this client, Deloitte Dutch Caribbean is looking for candidates for the following positions:

## Director General

### The Position

As Director General you are responsible for the strategic and daily management and leadership of the CCAA. You develop, implement and evaluate the strategic policies and plans and ensure the realization of the strategic goals. One of the main objectives is to realize the upgrade to a (FAA) category one status for Curaçao's civil aviation in a timely manner. You ensure compliance of the Curaçao's Civil Aviation Act and regulations with ICAO Conventions and Annexes and other international treaties and agreements. You represent the authority and the government of Curaçao in different (international) settings. You superintend the provision of air navigation services, flight safety, airport safety, economic regulation of air transport and aeronautical meteorological services.

### Your Profile

You have a relevant academic degree and at least 10 years of senior managerial experience in the aviation industry. You have knowledge of ICAO and other sector regulations and preferably some insight into functions of government organizations related to the civil aviation industry. You are result oriented and you have excellent strategic management, analytical, problem-solving, and decision-making skills. Furthermore you are an inspirational leader who is able to drive and further develop the team. You know how to maneuver in a dynamic context and you possess excellent people, networking, negotiating and communication skills. Furthermore you have well developed written and oral communication skills in English and preferably a basic working knowledge of Dutch.

## Director Safety and Security Inspectorate

### The Position

As Director Safety and Security Inspectorate you are responsible for ensuring the safe and secure conduct of air transport and local aviation activities. You develop, implement and evaluate policies and plans and you manage and provide leadership to the safety inspectorate division. You direct safety and security inspections, audits and investigations as well as enforcement measures concerning aviation service providers. You function as certification project manager for amongst others air operators, maintenance organizations and air navigation service providers and you provide expert guidance and advice to the industry and the government on regulatory, safety, security and related matters. You report to the Director General.

### Your Profile

You have a relevant academic degree, at least 5 years of relevant managerial experience in the aviation industry, experience in a technical field of civil aviation and preferably an advanced aviation (aircraft maintenance engineer or pilot) license. You have in-depth knowledge of the industry and knowledge of aviation regulatory requirements and aviation safety and security. You are result oriented and you have excellent (project) management, analytical, problem-solving, audit, and decision-making skills. Furthermore you are an inspirational leader whom is able to drive and further develop the team. You are trustworthy, you value integrity and you possess excellent people and communication skills. Furthermore you have well developed written and oral communication skills in English and preferably Dutch and Papiamentu.

### The Offer

Our client offers a challenging position in a dynamic context and an attractive compensation package.

### Procedure
