## **Part 9: Disbursements**

Disbursements are divided into three types:

- Externally provided professional services - these are recovered at cost. An example of an externally provided professional service disbursement is legal fees.

- Externally provided non-professional costs such as travel, accommodation and search fees - these are recovered at cost.
- Internal disbursements such as photocopying, printing and postage. These disbursements, if charged to the Administration, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

We have undertaken a proper assessment of disbursements claimed for voluntary administration in accordance with the law and applicable professional standards. We are satisfied that the disbursements claimed are necessary and proper.

The following disbursements have been incurred by Administrators for the period from 27 June 2016 to 22 July 2016. Where amounts have been paid to our firm for externally provided services and costs, that is in reimbursement of a cost previously paid by our firm either due to a lack of funds in the administration at the time the payment was due or the direct invoicing of our firm by the supplier. All of the below transactions appear in the receipts and payments listing attached to this report as Appointee disbursements. Where payments to third parties are paid directly from the administration bank account, they are only included in the attached listing of receipts and payments.
