

## Ensure compliance in your everyday business decisions Conflicts of interest register

### What is it?

Deloitte's Conflict of Interest Register is a customisable web solution to securely manage document libraries, track employee declarations, manage workflow and share learnings and internal news.

### What does it do?

The Deloitte Conflicts of Interest Register helps to mitigate troublesome situations organisations may find themselves in by providing a source for proof of disclosure for any internal or external audit regulators. The Conflicts of Interest Register allows employee interaction on a global scale, and permits the relevant service lines to track business decisions through a user friendly workflow tool.

### Who is it for?

Deloitte's Conflicts of Interest Register is for any organisation which has an obligation to comply with specific regulations in their day-to-day business critical decisions.

### What benefits does it offer?

- **Governance & compliance requirements:** Record comprehensive audit trails of all user activity
- **Easy approval and workflow escalation:** Track decision making through an interactive workflow allowing the hierarchy to approve, modify, reject or simply monitor the ideas and actions employees are producing
- **Time & cost savings:** Increase the efficiency of the decision making process and reduce the cost of managing your organisations documents
- **Accountability for all actions:** Track employee actions and produce proof of disclosure of all user activity
- **Customisable:** Allows company specific branding, single sign-on capability and the ability to host on your company server.
