

## Collect data, create reports, perform analysis, make informative decisions Data collection survey tool

### What is it?

Deloitte's Data collection survey tool is a web-enabled survey tool which allows an organisation to capture valuable information from both internal and external stakeholders.

### What does it do?

Deloitte's Data collection survey tool is a secure online survey platform and underlying statistical analysis package which provides Deloitte the ability to build and supply a wide variety of custom surveys. The Data collection survey tool provides a comprehensive suite of analytics capability to help ensure that clients receive detailed analysis, reporting of survey results and benchmarking data.

### Who is it for?

Deloitte's Data collection survey tool is for any organisation which is looking to collect survey data and generate comprehensive reports for analysis and decision making purposes.

### What benefits does it offer?

- **Easily accessible:** Being web based, any authorised user with internet access can complete a survey from any location
- **Accurate reporting:** Accurate reporting of survey results which can be used for statistical analysis
- **Efficient and cost effective:** Low cost survey implementation, maintenance, and technical support
- **Support:** Deloitte's support and development team have the capability to manage the delivery of surveys and support clients around the globe.
