

Get out of your own way
Unleashing productivity

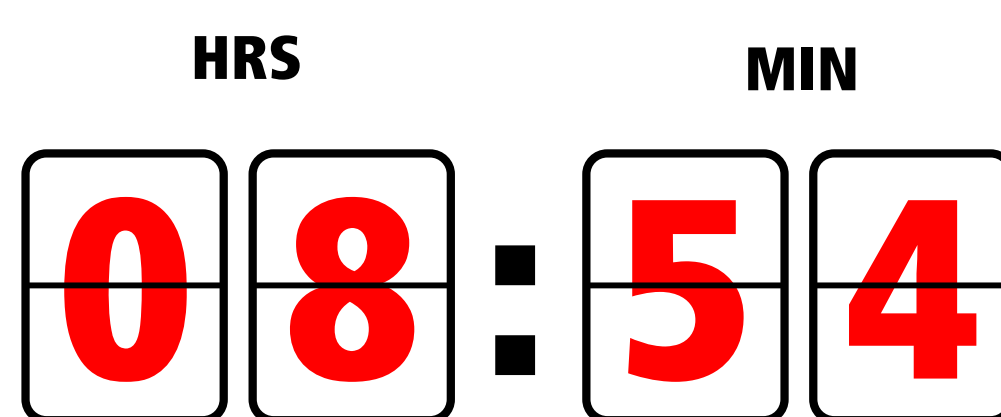

Australian business is burdened by its own bureaucracy. Self-imposed rules, regulations, processes and procedures have stifled our productivity.

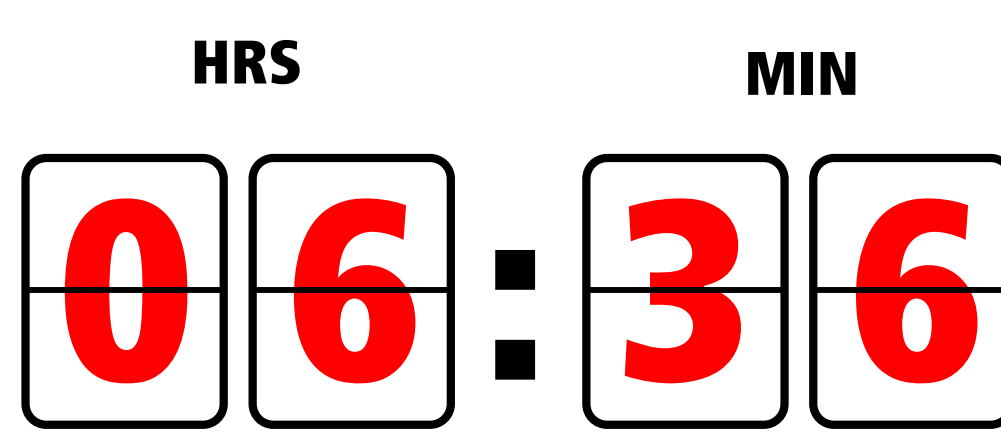

16% of all the resources available to the Australian economy are spent on complying with rules and regulations.

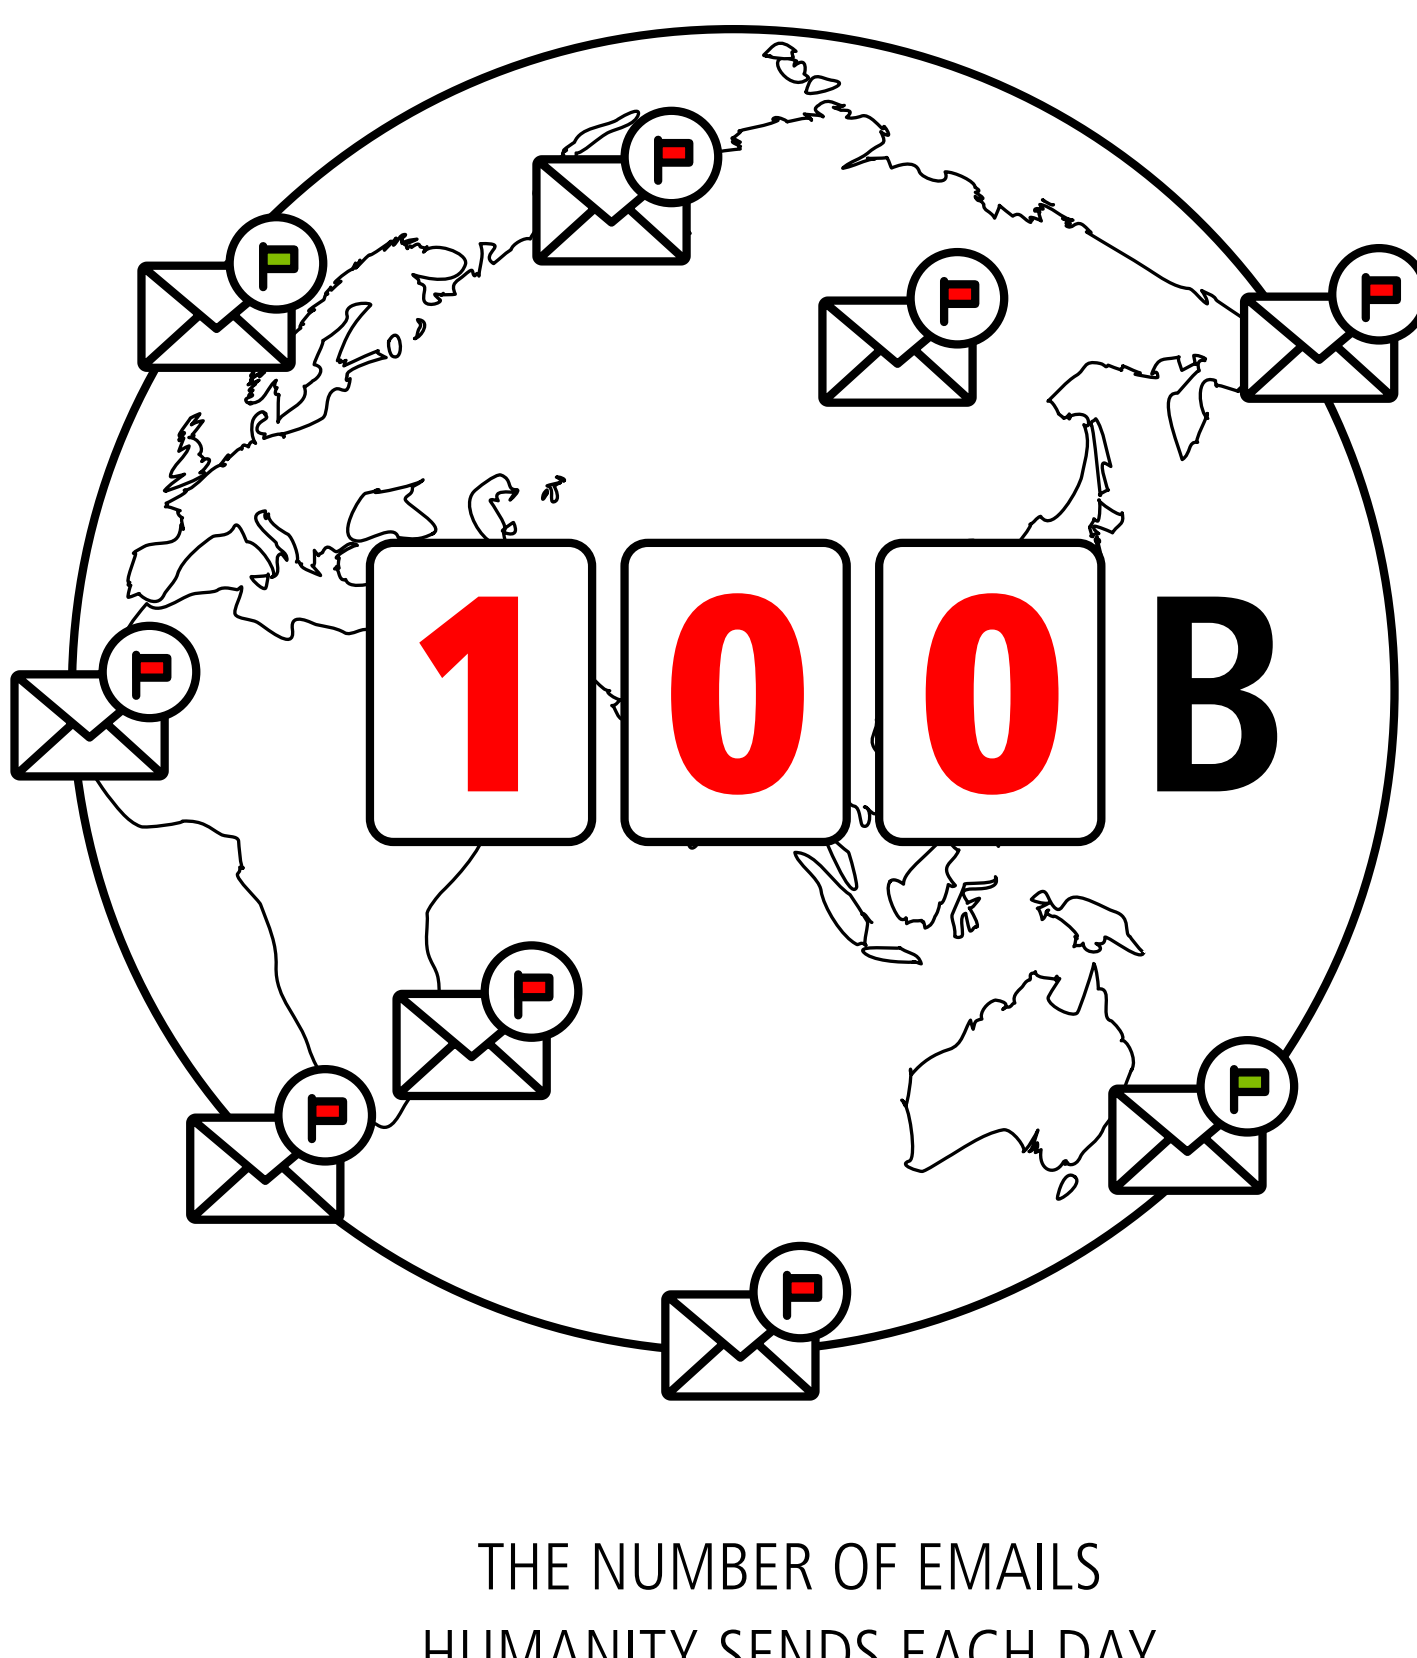

TIME SPENT BY EVERY EMPLOYEE, EVERY YEAR TO ADMINISTER AND COMPLY WITH AUSSIE RULES

TIME SPENT BY OTHER EMPLOYEES ON THE SAME

Getting out of our own way will reward Australia with an environment that develops the right skills and is competitive enough to seize global opportunities.
