Prevent
Strengthening your workplace relations environment – processes, controls, systems, governance and education – so the integrity of your payroll and workplace relations is sound.

Detect
Reviewing your workplace relations environment to identify compliance risks and give you confidence that you are meeting your obligations to employees.

Respond
Providing solutions to workplace compliance oversights through:
- Remediation programs to backpay employees’ wages and superannuation
- Process and controls reviews
- Root cause analyses

Streamline and optimise
Cut through your workplace relations complexity—co-designing future-proof, practical strategies such as how to consolidate instruments, develop bargaining tactics or a longer term enterprise agreement strategy.
