

Financial Sector Auditor

Your job

Working as a Financial Sector Auditor provides one of the finest and fastest educations in business imaginable. Being part of the largest professional services firm in Belgium, you will work in a multidisciplinary team for our FSI (Financial Services Industries) department. FSI mainly focuses on the Banking, Insurance & Asset Management industries and offers a wide array of services that are specifically designed for them. You will discover many aspects of the audit services, including statutory audits, consolidation, internal control & risk management reviews and many more.

As a Financial Sector Auditor you will:

- develop an understanding of your clients' business & activities and the risks they face;
- test the efficiency of the internal control system and review the design and implementation of internal accounting and operating procedures;
- review the risk management organization and use the outcome of their processes;
- provide recommendations for improved controls and enhanced business efficiency;
- approve year-end figures, checking the balance sheet and profit and loss account thoroughly;
- gain an understanding of the figures through performance of analytical procedures on the figures;
- review financial reporting of companies.

Your tasks will gradually evolve and your responsibility within the firm will increase. Once you know your clients well, you will build a good relationship with the Finance Director, CFO, Risk manager and Controller. You will get a good understanding of your client's processes, and in most cases you are the first point of contact when others have questions.

Your learning

A dedicated learning team will constantly guide and support you throughout your career.

As a Junior Financial Sector Auditor, you will participate in a two weeks training program in Belgium and abroad, with a focus on the basics of audit and getting your accounting knowledge up-to-speed. You will also get training on the Tools and Methodologies used within Deloitte.

After these two weeks of training, you start working at the client. The first weeks on the job may be extremely challenging since everything is new. As on-the-job learning within Deloitte is key, other team members will give you constant guidance and support.

In the autumn, learning sessions dedicated to specific materials of the financial sector will be offered to you. These materials are ranging from regulatory reporting, incl. the capital requirements, to hot topics affecting the industry, i.e. the current implementation of the Single Supervisory Mechanism.

A 2-days off-site training with the entire financial sector audit and advisory team will close your first year at Deloitte. This training allows you to share the knowledge and expertise you acquired the past year and get ready to start your 2nd year as a Financial Sector Auditor.

Your profile

- You are a team player, assertive, open-minded, enthusiastic and flexible;
- You demonstrate strong analytical skills and are quality and service-minded;
- You can prove strong relevant non-academic achievements;
- You speak fluent Dutch and French and have a good working knowledge in English.

Your educational background

You have a Master in (Applied) Economics, Management, Commercial Engineering, Accounting, Accountancy & Audit, Commercial, Finance, Banking, Asset Management, Actuarial or any other related (business) degree.

Your office

You will be based in the Diegem office. However, most of the time you will be working at the client site.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee, and its network of member firms, each of which is a legally separate and independent entity. Please see www.deloitte.com/about detailed description of the legal structure of Deloitte Touche Tohmatsu Limited and its member firms.
