## Microsoft Security delivers new multicloud capabilities

23 February 2022

microsoft.com

In times of great change, challenges and opportunities can be found in many directions. This is certainly true in IT and cybersecurity. Today, while navigating a pandemic, frequent supply chain shocks, and global talent shortages, organizations around the world are forced to confront sophisticated ransomware and nation-state attacks. They're continually ... [Read more](#)

## How vulnerability data can help you manage software in 2022

21 February 2022

techbeacon.com

The security and software industries learned some hard lessons in 2021. Software providers dealt with the most reported vulnerabilities in three decades, with more than 20,100 issues documented in the National Vulnerability Database managed by the National Institute of Standards and Technology (NIST). This compared to about 18,350 reported in 2020. In addition, some major ... [Read more](#)

## Attack vs Defence: How to Avoid Conceding an Oracle Audit Compliance Penalty

17 February 2022

itassetmanagement.net

As a part of the SAM team in a large organisation, your role can feel like the last line of defence against mega-vendor software audits and multi-million-dollar compliance settlement fees. You may have a well-drilled team and plenty of experience against lower-league opposition, but now you are on the playing field against the auditing all-stars, the Oracle GLAS team, renowned ... Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms, and their related entities (collectively, the “Deloitte organization”). DTTL (also referred to as “Deloitte Global”) and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more.

Deloitte provides audit, tax & legal, consulting, and financial advisory services to public and private clients spanning multiple industries. With a globally connected network of member firms in more than 150 countries and territories, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte's more than 312,000 professionals are committed to becoming the standard of excellence.

This communication contains general information only, and none of Deloitte Touche Tohmatsu Limited (“DTTL”), its global network of member firms or their related entities (collectively, the “Deloitte organization”) is, by means of this communication, rendering professional advice or services. Before making any decision or taking any action that may affect your finances or your business, you should consult a qualified professional adviser.

No representations, warranties or undertakings (express or implied) are given as to the accuracy or completeness of the information in this communication, and none of DTTL, its member firms, related entities, employees or agents shall be liable or responsible for any loss or damage whatsoever arising directly or indirectly in connection with any person relying on this communication. DTTL and each of its member firms, and their related entities, are legally separate and independent entities.
