

## Global Employer Services Individual tax

### Benefit-in-kind company cars 2020

Following the newly published Royal Decree ([Dutch](#) | [French](#)), the Benefit-in-kind for company cars will be reduced in accordance with the new CO<sub>2</sub> emissions coefficient that has been published.

Nevertheless, the changes regarding the deductibility of car related costs, the new rules for the deductibility of (fake) hybrid cars and the impact of the new WLTP method to determine the CO<sub>2</sub> emission coefficient of cars will likely result in an increased tax and management cost of companies' fleets.
