

Bring the Future of Cloud to your Enterprise

Deloitte and AWS

The Deloitte and AWS relationship was formed to leverage the market-leading innovation, specialized insights, professional networks, and industry experience of Deloitte and combine it with AWS' industry-leading cloud technologies.

Together, Deloitte and AWS help to amplify value across the enterprise and enable clients to be **agile, innovative, and disruptive** to their competitors.

With Deloitte, you get an AWS Premier Consulting Partner

What does that mean exactly? Well, for your enterprise, it means a wide range of scalable opportunities—all supported by two global leaders.

In addition to that, your enterprise receives:

- Dedicated technical resources from AWS—a worldwide leader in IaaS¹ and PaaS² solutions
- Empowered enterprise transformation led by Deloitte—the transformation leader³
- Ability to leverage industry-leading insights and provide in-depth proofs of concept
- Leading support for cloud-enabled strategy, business cases, architecture designs, and hybrid-cloud implementations
- Deloitte-enabled custom solutions and applications on AWS

Combine all these attributes with Deloitte's advanced skill set as a digital transformation leader and you have an adaptable global infrastructure enhanced by decades of experience. That means sandbox environments to test solutions, on-demand proofs of concept, enterprise scalable production environments, and knowledgeable leadership to help deliver impacts that matter.

With the ability to leverage government and commercial managed services and hosting platforms on AWS, our clients gain the ability to quickly **develop, build, and sustain** cloud native applications.
