Planning for success
Leveraging PPA to close the gaps

Formulating a strategic plan is one thing; executing it is quite another. Failure to properly evaluate a project can have devastating effects.

Challenge

- 60% of companies experience project failure
- 44% fail to meet time, budget or quality goals
- 15% fail to meet all of these objectives – or stop projects altogether

Solution

The odds are worse as a project’s price tag increases:

- 38% Estimated success rate ($750K - $3M)
- 2% Estimated success rate ($10M+)

Predictive Project Analytics (PPA) provides the information you need to plan for success and to close the gaps. PPA uses quantitative data and advanced analytics to:

- Analyze your project’s strengths and weaknesses
- Keep your project on track
- Reduce and contain costs
- Provide tangible ROI

Close the gaps in all your projects.
