Technology Fast 50™ program winners

Launched 23 years ago, the Technology Fast 50™ program celebrates the world-class achievements and the tremendous evolution of the Canadian technology sector.

The Technology Fast 50™ awards and rankings are presented in distinct categories that characterize and define the unique strengths of Canadian innovation. Deloitte knows first-hand that these awards are an important opportunity not just to celebrate, but to recognize the passion, integrity and vision that has propelled the Canadian technology sector.

Combining technological innovation, entrepreneurship and rapid growth, Technology Fast 50™ companies—small, large, public, private—span a variety of industry sectors and are leaders in hardware, software, telecom, digital media and emerging areas such as clean technology. Technology Fast 50™ companies are making a difference in Canada's technology community.
