

Grow your business in Switzerland through investments in Poland

Incentives available for Swiss Investors in Poland

Wednesday, June 24th, 2015, Deloitte Office in Zurich

Poland today is one of the top rising markets and the leading economy of Central Europe with a solid basis for sustainable growth in the future.

It was a major beneficiary of European Funds in the period 2007-2014 and will receive the biggest amount from the EU funds 2014-2020 program - EUR 82.5 billion.

Poland is also a promising target for investors from all over the world in terms of quality and availability of human resources as well as investment incentives such as Special Economic Zones.

This seminar aims at highlighting benefits Poland can offer to Swiss companies.
