**Zurich - Wednesday, 28 January 2015**

We are pleased to invite you to our upcoming **Global Employer Services: Healthcare and Life Sciences lab** on 28 January 2015, in Zurich.

The Healthcare and Life Sciences sector has seen unprecedented M&A activity in recent times. International acquisitions, disposals and joint ventures pose significant challenges for those working in the area of Global Mobility and Compensation & Benefits with respect to the alignment of policies and reward structures post transaction. Deloitte's cross service line team of Mobility, Reward, and Post-Merger and Integration experts, will share insights and facilitate discussion on the challenges and opportunities of these trends for practitioners in the Healthcare and Life Sciences community.

The session will also include discussion on more general Global Mobility and Human Capital trends within the Healthcare and Life Sciences sector. Participants will have the opportunity to gain valuable insights and best practice from Deloitte's industry leaders and to exchange ideas and network with peers.

The event will be held in the **Deloitte Greenhouse**. Recently developed, this new, innovative space will showcase a fresh, interactive approach to problem solving and group discussion.

This session will be of interest to:

- Global / Regional Heads of Global Mobility
- Heads of Reward, Compensation & Benefits
- Heads of Talent

To help us provide relevant insights to all participants, please complete this short survey:
