

**COMPETITIVENESS AND INNOVATION FRAMEWORK PROGRAMME
(CIP)
ICT POLICY SUPPORT PROGRAMME – CALL 7**

On the 22 December 2012 the European Commission announced the seventh (7th) and last call for proposals for the Programme "ICT Policy Support" of the Framework Programme for competitiveness and innovation (CIP). A total funding of EUR 125.7 million will be granted for the following Topics and Actions:

THEME 1: "CLOUD OF PUBLIC SERVICES AND SMART CITIES " (€32.5 mil.)

1.1. Cloud of public services (€18 mil.)

1.2. Smart, sustainable mobility (€13.5 mil.)

1.2.a: Piloting ICT-based Interoperable Fare Management (IFM) for sustainable mobility

1.2.b: Piloting cooperative systems for sustainable mobility of goods

1.2.c: Preparing the ground for Public Procurement for Innovative Solutions on Cooperative Intelligent Transport Systems

1.3. Preparing PPI on resource efficient data centers for smart cities (€1 mil.)

Theme 2: "Digital Content, open data and creativity" (€36 mil.)

2.1. Europeana and creativity (€16 mil.)

2.1.a: Enriching and improving the Europeana content base

2.1.b: Promoting the use of Europeana by creative industries

2.1.c: Coordinating Europeana

2.2. Open data (€ 8 mil.)

2.2.a: Open Data experimentation and innovation building on geographic information

2.2.b: Standards for Open Data

2.3. ICT for learning (€6 mil.)

2.3.a: Piloting and showcasing excellence in ICT for learning for all

2.3.b: Organizing competitions on Educational Games

2.4. Digital content technologies for a better internet for kids (€3 mil.)

2.4.a: Digital content technologies for victim identification

2.4.b: Interoperability of content rating and classification schema

2.5. eArchiving services (€3 mil.)

Theme 3: "ICT for health, ageing well and inclusion" (€39 mil.)

3.1. Preparing large scale deployment of targeted services to support active and healthy ageing (€14 mil.)

3.1.a: Telehealth Programmes for the management of mental disorders

3.1.b: Wide deployment of integrated care

3.2. Supporting innovative solutions in eHealth, assisted living and for mobility (in particular through PPI) (€10 mil.)

3.2.a: eHealth

3.2.b: Active & healthy ageing and assisted living

3.3. Networking for health, ageing well and inclusion (€3 mil.)

3.3.a: Innovation for age friendly cities, buildings and environments

3.3.b: Assessing impact and raising awareness on benefits of innovative eHealth tools and services

3.3.c: Sustainability of EU wide info-structure and collaborative governance

3.3.d: Clinical practice guidelines for eHealth services

3.4. Assisted mobility/navigation for older or impaired users (€2 mil.)

3.5. Biophotonics solutions for diagnosis, monitoring and treatment of disease (€10 mil.)

Theme 4: "Trusted eServices" (€7 mil.)

4.1. Protection of Website against attacks (€2.5 mil.)

4.2. Security for networked infrastructure (€2 mil.)

4.3. Secure and trustworthy reporting of malware and suspected cybercrime (€2.5 mil.)

Theme 5: "Open objective for innovation and other actions" (11.2 mln €)

5.1. Open objective for innovation (€10 mil.)

5.2. Support to advance Corporate Social responsibility (€0.2 mil.)

5.3. Support to the Grand Coalition for ICT jobs (€1 mil.)

Instruments and Implementation

The different objectives of the Work Programme require different implementation measures.

There are five types of instruments for the ICT PSP Work Programme:

- Pilot (Type A) - building on initiatives in Member States or associated countries
- Pilot (Type B) - stimulating the uptake of innovative ICT- based services and products
- Thematic Networks - providing a forum for stakeholders to exchange experiences and build consensus
- Best Practice Networks - exclusively for digital content, Europeana and creativity areas: they support sharing of best practices in these fields.
- PPI Pilot (Public Procurement for Innovative Solutions) - supporting public procurement as a driver for the deployment of innovative solutions.

Participation rules

The programme is open to all legal entities established in the EU Member States and associated countries to the ICT Policy Support Programme.

Deadline for the submission of proposals

The Call is planned to close on 14 May 2013 at 17:00 CET.
