

“Deloitte Grants & Incentives Unit participates in HOMER Conference”

In May 2013 the Grants & Incentives Unit has participated in a Conference in Seville, Spain, for the mid-point of the project HOMER (Harmonising Open Data in the Mediterranean through better access and re-use of Public Sector Information). At the Conference the Socio-economic impact study conducted on behalf of the Sewerage Board Limassol – Amathus was presented, analysing the significance of Open Data for economy and society and the opportunities offered through the re-use of PSI. Below are the links to the presentation & newsletter:
