Our services

“Setting the Bases” Training Programme

Each one of our startups receives a 2-4 hour training, depending on its needs, covering the following topics:

- Formation of a Cyprus company
- Compliance requirements
- Maintenance of accounting records
- Requirements for the preparation of financial statements
- Appointment of auditors
- Statutory audit requirements
- Direct tax compliance obligations
- Submission of annual returns to the Registrar of Companies
- Indirect tax (VAT) compliance obligations
- Compensation schedules for first key people
- Preparation of a business plan
- Fundraising options
- Go to market strategy

In addition to the above training, each startup receives continuous mentoring for the 2-year duration of its contract with Deloitte.

As a startup, pursuing your dream can be a stressful experience, particularly when it comes to managing your finances and time. Every euro and hour spent on planning and administrative issues takes away from what you can spend on the business. Succeed in what you love doing and get back to doing the work that matters – building your business.
