

Immigration Services

The Czech immigration practice is based across the Czech Republic with offices in Prague and Brno. Our team of experienced professionals can offer your company a full range of immigration, relocation and other services related to the posting of employees, transfer, and employment from abroad. In addition to the employees, we also provide immigration related services for family members.

Moreover, we can offer your company immigration compliance and advisory services, assistance with other services and other support related to the immigration procedure. In addition, we can also provide detailed assessments of individual cases. We have the best practices which provide the most appropriate solutions for the situation.

Our full service corporate and business immigration team can help you with:

1 Legally representing for a **business visa, work permit, residence and citizenship applications** when relocating employees globally or hiring foreign employees or starting up businesses locally

2 **Document procurement:** legalisation and attestation of documents

3 **Assessments** of individual cases

4 Design of **global mobility policies** and programmes
