

# Deloitte RPA Offering

Deloitte covers the RPA offering end-to-end

## RPA Project Delivery

Everything you need to have RPA running – assessment, pre-implementation checks, development, handover to production.

## RPA training

When building your competence center we can help with the training of all the relevant people – senior stakeholders, developers, architects, analysts.

## RPA as-a-SERVICE

To help you overcome initial investment and relieve you of license management we offer ready and secure managed service.

## RPA capacity solutions

If short on people we offer seasoned experts that can temporarily help staff your team and help you deliver the projects.
