

Power BI Stack

Power BI is a Business Intelligence tool that is used to visualize data from a wide range of data sources. We bring to our clients Power BI solutions in a way of automated reporting and various one-off dashboards to support data-driven transformation.

POWER BI PRICING

Power BI Desktop	Power BI Pro	Power BI Premium	
Free	\$9.99 user/month	\$20 user/month	\$4,995 capacity/month
Free BI tool to be downloaded from official Microsoft web page.	To visualize data with live dashboards and reports and share insights with your colleagues via cloud.	To accelerate access to insights with AI, unlock self-service data prep, and simplify data management.	The same features as for Premium per user, but this one enables to license your whole organization.
