

Who we are

What makes us special

The Deloitte Analytics Institute is a unique accelerator to enable your business of tomorrow by leveraging the potential of Big Data and Advanced Analytics.

Close collaboration with academia, business and technology enables us to provide you with innovative and cutting edge solutions to generate and increase measurable business benefits.

We believe in end-to-end enablement: From the joint identification of analytics opportunities aligned with strategic business goals, to the development of intelligent, cognitive systems and design of big-data architectures, to the implementation of innovative solutions and cutting-edge platforms. All with the spirit and quality of German engineering.

Discover and unlock real analytics value with us!

How we work

Experience your analytics potential

To rapidly deploy analytics solutions we support you as Think Thank and Accelerator on every step of your analytics journey and start right where you are:

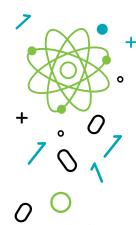

1. Understanding | Lab Session

In interactive Analytics Lab Sessions, you learn about various opportunities and possible gains from advanced analytics methods and tools and how they can support you to achieve a variety of goals. Experience first hand how fast you can gain valuable insights from your data.

What you can expect

Our services

Combining expertise from Data Scientists, Data Engineers, Designers and Business Experts, we help our clients to derive value from Big Data & Analytics.

Data Science

- Predictive Asset Maintenance
- Fraud Detection
- Advanced Telematics
- Sales Planning
- Customer Behavior
- Scenario Analysis
- Operationalizing Data Science

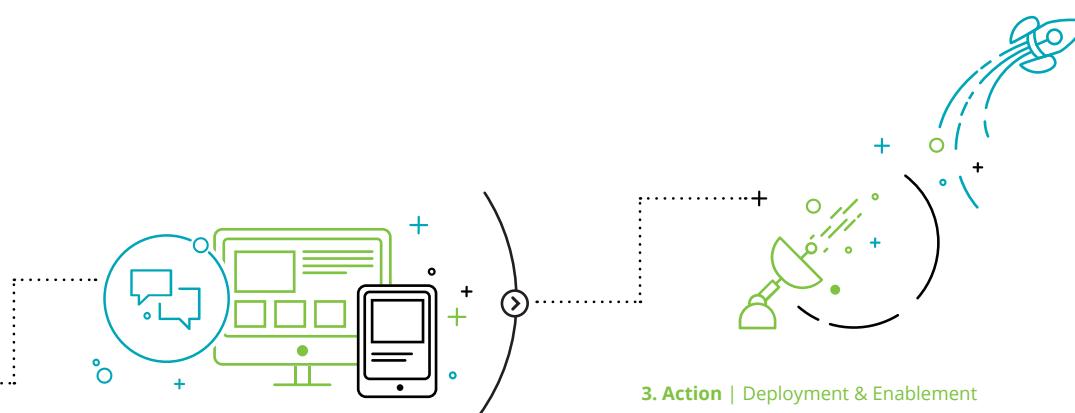

Data Engineering

- Big Data Architecture Design
- Data Ingest
- Data Transformation
- Front-End Development
- Streaming Data Access
- Custom Software Development
- Modern Delivery Methods

Design

- Advanced Data Visualization
- Dashboard Design
- UX & UI Design
- Design Thinking

2. Discovery | Proof of Concept

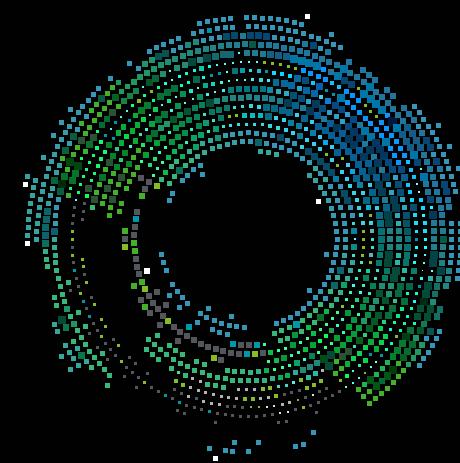

Develop your specific analytics and big data use-cases together with our experts in design thinking workshops and quickly gain insights from a tailor made interactive prototype in a short period of time.

3. Action | Deployment & Enablement

Increase value-adding potentials by introducing innovative analytics and big data solutions to select business units, areas or even companywide, on your way to an Insight Driven Organization (IDO). We will support you as a strong partner, offering full-service analytics solutions.

INSTITUTE

Select experience

Next best offer. Creating a holistic customer life-cycle management and providing sales agents with real-time recommendations on opportunities.

Predictive Maintenance. Avoiding unplanned downtime and moving towards smart factories to ensure that everything runs smoothly.

Pay as you drive. Providing adequate safety coverage by scoring driving behavior to set the stage for new business cases.

Future of Mobility. Working closely with academic and governmental institutions, we develop innovative concepts regarding future traffic management and smart cities by drawing from our experience implementing platforms for connected cars.

Deloitte.

Deloitte GmbH Wirtschaftsprüfungsgesellschaft ("Deloitte") as the responsible entity with respect to the German Data Protection Act and, to the extent legally permitted, its affiliated companies and its legal practice (Deloitte Legal Rechtsanwaltsgesellschaft mbH) use your data for individual contractual relationships as well as for own marketing purposes. You may object to the use of your data for marketing purposes at any time by sending a notice to Deloitte, Business Development, Kurfürstendamm 23, 10719 Berlin or oschleichert@deloitte.de. This will incur no additional costs beyond the usual tariffs.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. Please see www.deloitte.com/de/UeberUns for a more detailed description of DTTL and its member firms.

Deloitte provides audit, risk advisory, tax, financial advisory and consulting services to public and private clients spanning multiple industries; legal advisory services in Germany are provided by Deloitte Legal. With a globally connected network of member firms in more than 150 countries, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte's more than 244,000 professionals are committed to making an impact that matters.

This communication contains general information only not suitable for addressing the particular circumstances of any individual case and is not intended to be used as a basis for commercial decisions or decisions of any other kind. None of Deloitte GmbH Wirtschaftsprüfungsgesellschaft or Deloitte Touche Tohmatsu Limited, its member firms, or their related entities (collectively, the "Deloitte network") is, by means of this communication, rendering professional advice or services. No entity in the Deloitte network shall be responsible for any loss whatsoever sustained by any person who relies on this communication.
