

1 Deloitte RegTech Lab

Innovate faster

The Deloitte RegTech Lab allows you to tackle your toughest, most complex industry challenges and keep pace with rapid regulatory changes. You'll work alongside our regulatory specialists, industry partners and research experts to experience and co create smart, scalable RegTech solutions to digitally reinvent your business. Leveraging Deloitte's deep understanding of RegTech solutions, you can **explore how to link data and technology to pass given and upcoming challenges.**

2 Unleash the power of RegTech

With Deloitte as strong partner

Central point for tangible solutions: Sandboxing for clients in an innovative setting of latest technologies combined with regulatory expertise.

Bundled Deloitte capacities: Regulatory Risk building blocks for market success in collaboration with other business lines and related initiatives.

Showroom for solution display: Platform for external RegTech vendors and initiatives to identify client pain points and generate projects.

Deloitte as RegTech partner: Deloitte branding as RegIntegrator and undisputed leader in RegTech innovation and integration.

4 Integrating state-of-the-art technology and sandboxing

In a collaborative and innovative environment

Bring new technologies to life to see the 'art of the possible' with practical use cases and customized scenarios covering present and future regulatory pain points. Apply design thinking in your industry context to improve products and services, customer experiences, and operations by putting people at the heart of your innovation design process.

3 Master your challenges

By joining forces

We see solutions to these obstacles by combining innovative technologies with Deloitte's regulatory expertise.

5 Using the the Deloitte development process

For creating innovative and customized solutions

The Lab presents various touchable generic prototypes of innovative Deloitte initiatives as well as external vendors. In close collaboration with the client, the most suitable technology is tailored inside the Lab's sandbox environment to client specific prototypes that meets the customer's pain-points best. The final step is the integration of the customized solution into the client's environment.

6 Using the Deloitte development process

Efficiency gains on multiple fronts with RegTech

Deloitte.

This communication contains general information only not suitable for addressing the particular circumstances of any individual case and is not intended to be used as a basis for commercial decisions or decisions of any other kind. None of Deloitte GmbH Wirtschaftsprüfungsgesellschaft or Deloitte Touche Tohmatsu Limited, its member firms, or their related entities (collectively, the "Deloitte network") is, by means of this communication, rendering professional advice or services. No entity in the Deloitte network shall be responsible for any loss whatsoever sustained by any person who relies on this communication.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. Please see www.deloitte.com/de/ueberUns for a more detailed description of DTTL and its member firms.

Deloitte provides audit, risk advisory, tax, financial advisory and consulting services to public and private clients spanning multiple industries; legal advisory services in Germany are provided by Deloitte Legal. With a globally connected network of member firms in more than 150 countries, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte's approximately 286,000 professionals are committed to making an impact that matters.
