Interactive Value

Deloitte Lab for
SAP S/4HANA® Finance

Visualize your goals.
Explore your possibilities.
Transform your business.

With the finance function under increasing pressure to deliver value and make sense of growing mounds of data, getting a clear vision of where you need to go can prove difficult. We can help.

Our lab for SAP S/4HANA Finance gives finance and technology executives an opportunity to engage with Deloitte problem-solvers to address specific finance issues and start working towards value.

Core collaboration

The new Deloitte SAP S/4HANA Finance lab offering provides an interactive one-day experience to help you develop a business-focused strategy for SAP S/4HANA Finance. It's a simple approach designed to help you simplify your finance operations and position your organization to meet evolving business demands.

More than a demo session, our lab focuses on breaking down your challenges and building a path to help you move forward with SAP S/4HANA Finance.

The lab encompasses three primary acts:

Explore

We collaborate to explore the art of the possible and develop a vision of your desired end state.

Prioritize

We advance the discussion through live demonstrations and case studies that help you explore finance scenarios and possibilities in detail.

Mobilize

We work together to understand pilot opportunities that you can take advantage of and feed these into the development of a roadmap that you can use to understand essential next steps.

The structure of the SAP S/4HANA Finance Lab

01

Discover the Art of the Possible

Develop a vision of the end state, based on the art of the possible.

02

First hand Experience SAP S/4HANA Finance

Share live demonstrations of the system and case studies that explore various scenarios and possibilities.

03

Make the Success Real

Identify pilot opportunities and key next steps through the development of a roadmap.

Why Deloitte?

When it comes to professionals who can help you make sense of SAP S/4HANA Finance, you have a lot of choices. Here are a few reasons to work with Deloitte.

- We're focused on delivering simplicity, not on building new layers of complexity into your enterprise.
- We're leaders in finance transformation, with a long track record of helping organizations get results – thanks in large part to a comprehensive set of services that focuses on challenges specific to the office of the CFO. We deeply understand the Finance function, industry-specific needs, and the global issues involved.
- We start with business processes first and help you build the business case for transformation – to help ensure that your investment can deliver results that matter.

“We are specialized in transformation of finance functions and you draw from our global experience.”

Rolf Epstein, Partner | Service Line Lead Strategy & Operations Finance bei Deloitte

- We're recognized for our SAP S/4HANA leadership, winning the 2016 SAP Pinnacle Award as SAP S/4HANA Adoption Partner of the Year.
- We have extensive SAP experience, with an SAP global services alliance dating back to the early 1990s.
- With a network of more than 12,000 practitioners dedicated to SAP solutions and focused on business and technology challenges across the globe, we have a broad and active base of experience that we can bring to any challenge.

„We offer our clients by a global network suitable End-to-End-solutions.”

Stephan Hutter, Partner | Service Line Lead EA / SAP bei Deloitte

Unlocking value

Working with us to explore your hot finance issues in an interactive lab setting can help you align your SAP S/4HANA activities with business demands. Some of the bottomline benefits you could see include:

- An accelerated path to finance transformation.
- Improved insights for more efficient decision-making around finance activities.
- A more competitive stance, by aligning technology to meet evolving market demands.
- A more effective and agile finance function that can spend more time innovating and getting ahead of challenges rather than reacting to them.
- New cost savings through streamlined and automated finance processes.
