

Invitation

Deloitte – Alternative Capital Solutions Event

20 September 2018

Deloitte office – Weidekampsgade 6, Copenhagen, Denmark

It is with great pleasure to invite you to our upcoming Alternative Capital Solutions Event on 20 September 2018 targeting corporates, sponsors, banks and advisors.

The event will discuss the development of alternative lending in the Nordics and Europe and will feature a key note by Floris Hovingh, Head of Alternative Capital Solutions at Deloitte, and Thomas Bertelsen, Head of Debt & Capital Advisory at Deloitte Denmark.

In addition, the conference will include various presentations by a selection of market participants who will address trends and other key topics and benefits for borrowers. The event will be rounded off by a panel discussion with industry experts.

The alternative lending industry has grown rapidly since the financial crisis, with a gradually growing deal flow and a record fundraising among European direct lenders of USD 26.4bn last year.

Nordic alternative lending markets are less well-established than some of their continental counterparts, but they are growing strongly. A number of Nordic debt funds are active on the scene, and international funds are increasingly looking for opportunities in the Nordics.

The event will among other things shed light on situations where alternative lending can add value compared to more traditional sources of finance, trends and the future development of alternative lending.

We are looking forward to welcoming you at the 2018 Alternative Capital Solutions Event at Deloitte in Copenhagen.

Best regards
Your Deloitte team
