Over the past 9 years Deloitte has conducted several studies that track the latest thinking and actions of CFOs that represent the largest and most influential companies in Central Europe.

The goal for this year's survey is to capture the shifts in CFOs' opinions on topics including risk, GDP growth, financing priorities and the most recent issues facing business as deployment of artificial intelligence in the managerial role and investments in technological enhancements like cobots.

This year, our study will take place in 16 countries in the CE region: Albania, Bosnia and Herzegovina, Bulgaria, Croatia, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Montenegro, Poland, Romania, Serbia, Slovakia, Slovenia and Ukraine.

Survey details

The 2019 Central European CFO Pulse Survey should take less than 15 minutes of your time to complete. As is stated in our policy, your responses will remain completely confidential and will not be directly associated with you or your company in any way.

Our thanks

We want to thank you in advance for your participation and continued support. We look forward to sharing the results with you in early 2019. As a survey participant, you can receive copy of the results of Deloitte's 2019 Survey and an invitation to business event to discuss the results and trends with other participants.
