## Technology Fast 50 2020 FINLAND

Deloitte.

Deloitte Technology Fast 50 program lists the 50 fastest growing technology companies in Finland based on the company's revenue growth over the last four years (2016-2019).

▲ 2 514%

GameRefinery is the leading provider of feature-level data in the mobile games market, with an ever-growing database covering hundreds of thousands of games. GameRefinery's customers include leading mobile games companies such as Zynga, SquareEnix, King and Funplus. The GameRefinery platform uses unique algorithms and a team of expert analysts to help developers, investors and publishers delve into the very building blocks of mobile games to uncover the drivers behind success, to understand why games are successful and how to achieve the same from pre-production to LiveOps.

▲ 2 396%

Wolt is a Finnish technology company founded in 2014, which currently operates in 23 countries and more than 120 cities. With Wolt's mobile app or website, customers can order restaurant food as well as grocery and retail merchandise from platform partners. Wolt has approximately 2 000 employees, 26 000 restaurant partners, more than 1 000 grocery partners, 50,000 courier partners and more than 9 million registered users.

▲ 2 120%

Dispelix is the globally leading developer, manufacturer and licensor of waveguide display technology and components for augmented reality (AR) devices. Dispelix's lightweight, thin and mass-manufacturable AR displays enable AR glasses with market-leading image quality, user experience and product design. Founded in 2015, Dispelix Oy is a fast-growing company with currently 60 employees and an international customer base. Dispelix has offices in Espoo, Joensuu, Oulu and Silicon Valley in the United States.
