

Technology Fast 50 2015 Finland

Deloitte Technology Fast 50 program lists the 50 fastest growing technology companies in Finland based on company's revenue growth over the last four years. Technology Fast 50 program is part of the Technology Fast 500 EMEA (Europe, the Middle East, and Africa) program.

Being recognized as a Technology Fast 50 winner, it provides increased visibility to investors, customers and future talent through local, national, and global media and social media exposure. The local Technology Fast 50 and Europe-based Technology Fast 500 award events additionally create valuable networking opportunities with industry peers.

Technology Fast 50 winner 2015:

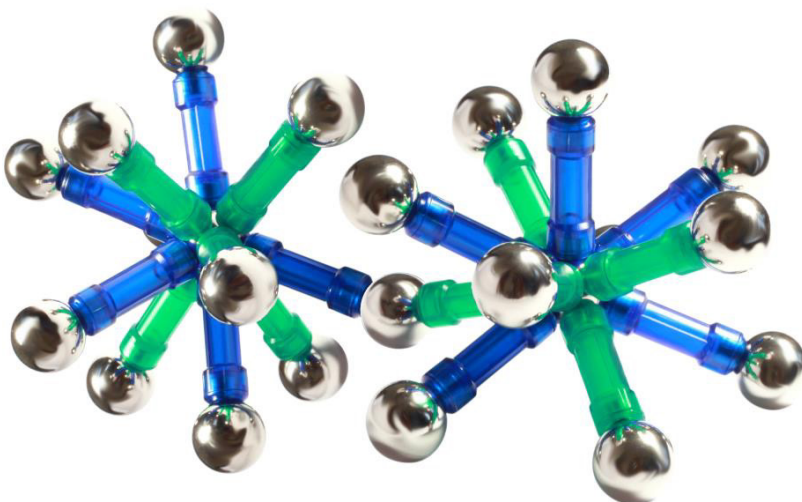

3 169 %

AlphaSense is a software technology startup serving the global financial services industry. AlphaSense was founded with a singular mission: Apply cutting edge technology to help investment and knowledge professionals find critical information on companies and empower them to act with greater insight.

AlphaSense offers a unique search engine that created a new standard for information discovery. Using a blend of advanced linguistic search and natural language processing algorithms, the AlphaSense search engine enables knowledge professionals to search, navigate, set alerts and analyze filings, news, research and other disclosures for critical data points that others are missing – at unprecedented speed and accuracy.
