of Excellence

Peak performance as a priority

How well are you managing all of the assets that help your enterprise run? Equipment, machinery, infrastructure, vehicles, and more—in today's environment, they all require more than maintenance. They require efficient, intelligent, and proactive management that can help you avoid unnecessary disruption, operate your business more effectively, deliver to customers, and thrive.

Building end-to-end enterprise asset management (EAM) functionality requires end-to-end capabilities—covering procurement, mobility, systems integration, user experience, and more. Deloitte's Enterprise Asset Management Center of Excellence (CoE) can help, serving as a single source of skills, solutions, knowhow, and resources to support a total EAM transformation with SAP® technologies.

We also can help you leverage our SAP-based industry cloud solutions, such as Operations Agility and Intelligent Spend Management, to help you move fast and flexibly—so you can realize value sooner and proactively respond to changing business needs.

It’s all part of our goal to help SAP customers enable the built-to-evolve Kinetic Enterprise™—a disruption-ready enterprise operating with a clean ERP core, intelligent technologies, responsive cloud solutions, and an extended ecosystem of supporting capabilities.

Why Deloitte for EAM?

EAM innovation.

Deloitte operates at the forefront of EAM and digital business transformation. We are defining the possible each day as we work with industry leading clients around the world and actively co-innovate with SAP on asset management apps and mobile extensions, including:

- NFC Tag Reader—enhance compliance and adherence to regulatory requirements through NFC-enabled asset inspections
- OptiCrew—allow supervisors to dynamically interact with crews, manage constraints, and view performance, all in real time
- Shift Change—highlight critical issues and risks from previous shifts, prepare field users for their day, and support auditability of processes
- Asset Maintenance Advisor—leverage asset photos to streamline repairs, assess damage, recommend repair costs, verify repair history, and highlight potential issues

- SAP SE & Deloitte have entered into a global [co-innovation agreement](#) in the mobile enterprise space, with a focus on native mobile applications. Through this agreement we have developed a joint vision for how native mobile applications drive digital transformation

History. Deloitte has a long history of collaborating with SAP to help organizations succeed. For more than three decades, we have been working side by side with SAP to address our customers biggest challenges. That close relationship has allowed us to help enhance the functionality of SAP solutions and to see how the SAP offering roadmap is evolving.

Recognition. We have been widely recognized by SAP for our ability to help clients generate value time and time again. Deloitte has received numerous SAP® Pinnacle Awards—SAP’s top recognition—including:

- SAP S/4HANA Partner of the Year—Large Enterprise (2016, 2017, 2018, 2020, 2021)
- SAP SuccessFactors Partner of the Year (2018, 2019, 2020, 2021)
- Delivery Excellence Partner of the Year (2021)

When it comes to EAM and related capabilities, we have been recognized by analysts as a leader across multiple categories, including:

- Worldwide Business and Industrial IoT Consulting and Systems Integration Services Vendor Assessment, 2020 by IDC MarketScape
- Procurement Operations Consulting, 2020 by ALM Intelligence
- Sourcing Strategy Consulting, 2019 by ALM Intelligence
