**Anti-hybrid rules:** There are no anti-hybrid rules.

**Economic substance requirements:** Economic substance rules in Bahrain align with those issued by other jurisdictions with a similar tax environment, i.e., “no or only nominal tax jurisdictions.” The Bahraini legislation is based on the three common key pillars that a resident entity (a local company or branch of a foreign company) undertaking a relevant activity must satisfy to demonstrate economic substance (i.e., the company should be directed and managed from Bahrain, “core income generating activities” should be undertaken in Bahrain, and the company should have an adequate number of qualified employees, office space, and annual expenditure in Bahrain).

Companies are subject to compliance obligations, including the filing of annual notifications and returns. Noncompliance with any of the legislative provisions may lead to monetary penalties as well as suspension from the commercial register.

**Disclosure requirements:** There are no disclosure requirements.

**Registration:** Businesses with an annual VAT taxable turnover exceeding or expected to exceed BHD 37,500 must register for VAT within 30 days of the date when the threshold is exceeded or expected to be exceeded. Taxable persons may voluntarily register for VAT if the annual VAT taxable turnover and/or annual expenses subject to VAT in Bahrain exceeds or is expected to exceed BHD 18,750.

Nonresident businesses supplying goods or services in Bahrain to non-VAT registered customers must register for VAT within 30 days from the date of the first taxable supply regardless of the value of the goods or services supplied (i.e., there is no minimum threshold before registration is required).

**Filing and payment:** Tax returns must be submitted using the National Bureau for Revenue’s online portal. The submission and payments are due by the last day of the month following the end of the tax period. Payments may be made through the eGovernment National Portal using debit or credit cards, or via the Fawateer payment services available at bank branches, e-banking, or the BenefitPay application.

Taxable persons with annual VAT taxable turnover exceeding BHD 3 million must file monthly tax returns; all other taxable persons must file quarterly tax returns. Taxable persons that are residents of Bahrain with less than BHD 100,000 in annual VAT taxable turnover may request to file annually.
