Deloitte TMT practice overview

Deloitte has over 15,000 TMT professionals worldwide

TMT thought leadership

A good idea can propel an organization to greatness and catalyze profound change. Deloitte is committed to helping clients generate new ideas to solve their most difficult challenges and create lasting value. Along the way we are not afraid to make bold assertions and have difficult conversations. Deloitte produces a variety of thought leadership and other materials focusing on the most important strategic trends in global business.

Venture Capital Trends

Center for the Edge

The Center for the Edge in Australia, China, Netherlands, and United States helps senior executives make sense of and profit from emerging opportunities on the edge of business and technology. What is created on the edge of the competitive landscape—in terms of technology, geography, demographics, markets—inevitably strikes at the very heart of a business. The Deloitte Center for the Edge add value to the organization by enhancing recognition of industry sector leadership, enhancing client and target relationships, developing primary research and influencing wins, and creating new opportunities—all critical to delivering the “Deloitte Client Experience.”

About the Deloitte Technology Fast 500™ EMEA

Technology Fast 500, conducted by Deloitte Touche Tohmatsu Limited (DTTL), provides a ranking of the fastest growing technology, media, telecommunications and green technology companies – both public and private - in Europe, Middle East & Africa. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2009 to 2013.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least €50,000 EUROS, and current-year operating revenues of at least €800,000 EUROS. Additionally, companies must be in business for a minimum of five years, and be headquartered within Europe, Middle East & Africa.

About TMT

The Global Technology, Media & Telecommunications Industry (TMT) group consists of the practices organized in the various member firms of DTTL and includes more than 15,000 member firm partners, directors and senior managers, supported by thousands of other professionals dedicated to helping their clients evaluate complex issues, develop fresh approaches to problems and implement practical solutions. There are dedicated TMT member firm practices in 48 locations along with global virtual centers of excellence for each industry sector. DTT's member firms serve 93 percent of the TMT companies in the 2012 Fortune Global 500.

About Deloitte

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee, and its network of member firms, each of which is a legally separate and independent entity. Please see www.deloitte.com/about for a detailed description of the legal structure of Deloitte Touche Tohmatsu Limited and its member firms.

Deloitte provides audit, tax, consulting, and financial advisory services to public and private clients spanning multiple industries. With a globally connected network of member firms in more than 150 countries, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte has in the region of 200,000 professionals, all committed to becoming the standard of excellence.

Ciklum

Ciklum is a leading supplier of technical personnel and teams, software development and agile business consulting to high growth companies globally. They currently employ more than 2,500 specialists in offices and technical development centres in Ukraine and Belarus. Unlike the traditional project outsourcing model, Ciklum helps over 200 of clients establish their own development centres in one of our nearshore development locations where they outsource, completely or partially, their software development.

Fidelity Growth Partners Europe

As part of one of the world's largest institutional investors and with a history going back to the early days of Venture Capital in the 1960s, Fidelity Growth Partners Europe (FGPE) can draw on a breadth of experience and resources few VCs can match. Fidelity Growth Partners has over a billion dollars of invested capital in Asia, India and Europe. Fidelity has been operating in Europe for over a decade and their latest £100 million fund was launched in 2010 to help European entrepreneurs build global success stories.

Silicon Valley Bank

Silicon Valley Bank is the premier bank for technology, life science, cleantech, venture capital, private equity and premium wine businesses. Silicon Valley Bank and its affiliates within SVB Financial Group provides industry knowledge and connections, financing, treasury management, corporate investment and international banking services to its clients worldwide through 27 US offices and seven international operations in China, India, Israel and the UK. (Nasdaq: SIVB)

Taylor Wessing

Taylor Wessing is an international law firm with a leading Technology practice. What makes Taylor Wessing different is their significant SME/entrepreneur/growth technology focus, as well as a forward thinking approach to serving clients. Taylor Wessing has worked with tech start-ups and more established tech companies, both from the UK and abroad, for many years and understands the needs and requirements of companies operating in all technology related sectors, and work with clients to add real value to their business decisions and growth.
