PATIENT CONNECT ACROSS THE DIABETES PATIENT JOURNEY

Enabling patient engagement for Diabetes - connecting patients, doctors and data to improve patient outcomes.

MEET SUSAN

A 40-year-old female who is actively managing Type II Diabetes

“I can connect with my care manager when it’s convenient for me, as well as receive follow-up reminders on my care plan goals. My care manager is updated daily, and can proactively discuss potential problems regarding my health.”

Experience & Interactions
- Self-Service
- Automated reminders
- Care plan activities / goals
- Continuous monitoring of vital signs
- Proactive support and coaching

Art of the Possible
- Mobile App/ patient portal
- Notifications via an app, SMS, or email
- Wearable monitoring medical devices
- Consent based, mobile passive data streams
- Telecommunication with the care team
