

Responding to health policy and complex regulations

Why so much regulation in the sector?

- ⊖ Ensuring quality care
- ⊖ Patient safety
- ⊖ Mitigating fraud
- ⊖ Cyber & threats
- ⊖ Corruption

Stakeholders dealing with additional issues:

- ⊖ Reliability of data from personal and/or other systems
- ⊖ Data ownership and responsibility
- ⊖ Confidentiality amidst today's cybersecurity challenges
- ⊖ Data monetization

Organizations are collecting more and more data and information across the health care ecosystem.

How do you make that info, safe, accurate, and reliable?

Through data management and security such as:

- ⊖ Cognitive computing
- ⊖ Cloud-based, interoperable electronic health records
- ⊖ Internet of Things (IoT).

About Deloitte

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. Please see www.deloitte.com/about for a more detailed description of DTTL and its member firms. Deloitte provides audit, consulting, financial advisory, risk management, tax and related services to public and private clients spanning multiple industries. With a globally connected network of member firms in more than 150 countries and territories, Deloitte brings world-class capabilities and high-quality service to clients, delivering the insights they need to address their most complex business challenges. Deloitte's more than 200,000 professionals are committed to becoming the standard of excellence.
