

# SingularityU Greece Summit

November 19-20, 2018

Megaron Athens International Conference Centre

World's leading speakers and experts on exponentially accelerating technologies together with Greek business leaders of today and tomorrow, giving us the knowledge and insight we need to compete—and win—in an exponentially changing world.

**Robotics. Internet of Things.  
Energy. Neuroscience.  
Bioinformatics. Security.**

**Are you ready for a sneak peek into the future?**

### The Singularity University

Singularity University (SU) is a Silicon Valley based think tank and a global learning and innovation community using exponential technologies to tackle the world's biggest challenges and build an abundant future for all. SU's collaborative platform empowers individuals and organizations across the globe to learn, connect, and innovate breakthrough solutions using accelerating technologies like artificial intelligence, robotics, and digital biology.

### The Strategic Alliance

Deloitte's multi-year strategic alliance with Singularity University is helping business leaders prepare for what's coming next – from idea to execution. This alliance is another way to find and promote innovative solutions through new technologies that can help create services to confront major challenges for businesses and society. Leveraging our collective capabilities, Deloitte and Singularity University educate and catalyze organizations regarding the disruptive impact of exponential technologies, and accelerate their transformation journeys to envision and realize exponential opportunities. Deloitte and SU are continuously expanding their alliance to empower a global community with the mindset, skillset and network to embrace exponential opportunities.

### The SU Summit Experience

Singularity University and Deloitte are collaborating to bring together the world's top leaders in the future of exponential technology. Join others who are driven to take advantage of the opportunities presented by exponential change, and to harness these forces of change to solve humanity's grandest challenges. The

SingularityU Greece Summit is a "solutions oriented" intensive two-day "deep dive" summit specially tailored for Greece, displaying advanced technologies, offering solutions and existing best practices in the fields of healthcare, energy, tourism, shipping, agro-business, cyberspace, AI, robotics, big data and finance and bringing together leaders from Greece and South-Eastern Region with world-class speakers and entrepreneurs.

### Why Attend?

Attendees should expect to walk away from the Summit with nothing less than a total paradigm shift about where we've come from, where we are going and what's possible. You will have the chance to:

- Connect with innovators, investors, business leaders and startups who are creating the technology of tomorrow
- Discover how exponential trends can be turned into growth and positive change
- Leave with the tools and inspiration to make an impact on your organization, your community, and your world
- Experience Deloitte's thought leaders on a range of topics. In particular, Larry Keeley, President & Co-Founder of Doblin Group and Managing Director of Deloitte Consulting LLP, will be delivering a speech on innovation.

### Who Should Attend?

If you are a key decision maker and/or leader this conference will reveal ground-breaking insights that can help you make better decisions in a rapidly changing business environment. The SingularityU Greece Summit is important for:

- Executives looking to understand how disruption will affect their business
- Strategists and innovators looking to stay ahead of the coming disruption
- Leaders interested in tackling the world's grand challenges
- Entrepreneurs intent on upsetting incumbents
- Investors funding those entrepreneurs

At Deloitte we know that innovation is triggered once you have envisioned the future. As Platinum Global Partner of the SingularityU Greece Summit, we look forward to facilitate the adoption of an innovative mindset for enterprises and society and to help them expedite the opportunities of all new technologies.

**Dimitris Koutsopoulos**  
CEO, Deloitte Greece
