About the Deloitte Technology Fast 500™ Europe, Middle East & Africa (EMEA)

The Deloitte Technology Fast 500™ EMEA programme is the region's most objective industry-ranking to focus on the technology field, recognizing technology companies that have achieved the fastest rates of revenue growth in Europe, the Middle East, and Africa (EMEA) during the last four years. Combining technological innovation, entrepreneurship and rapid growth, Fast 500 companies – large, small, public and private – span a variety of industry sectors, and are leaders in hardware, software, communications, media, life sciences and clean technology.

The programme is supported by the Deloitte Technology Fast 50 initiatives, which rank high growth technology companies by locations or specifically defined geography area and is run by the Deloitte Touch Tomatsu Limited's Technology, Media & Telecommunications (TMT) global industry group. Co-sponsors include **Eight Roads**, a venture and growth capital investor which backs entrepreneurs with aspiration for greatness in the IT and clean technology sectors across Europe, **Silicon Valley Bank**, the premier bank for technology, life science, private equity and premium wine businesses and **Taylor Wessing**, a leading international law firm with a focus on the industries of tomorrow. More information on the programme and prior year winners is available on www.deloitte.com/fast500emea
