

Deloitte Data Science Solutions Demo Day: Life Science and Health Care Sector Focus

Data Driven approach to Improve Financial and Operations Efficiency

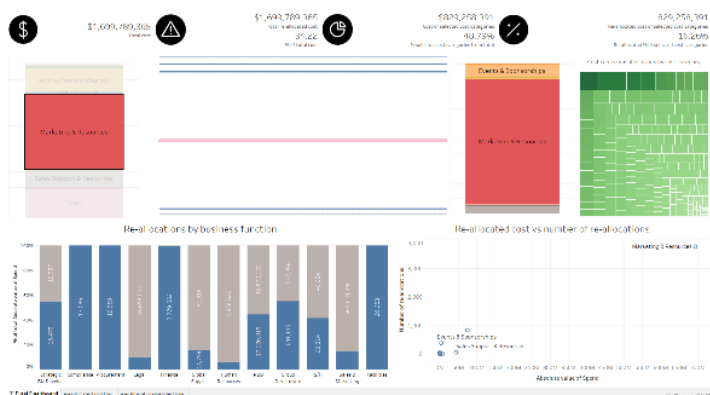

Optimize supply chain spend and Reduce costs

Intelligent Cost Reduction

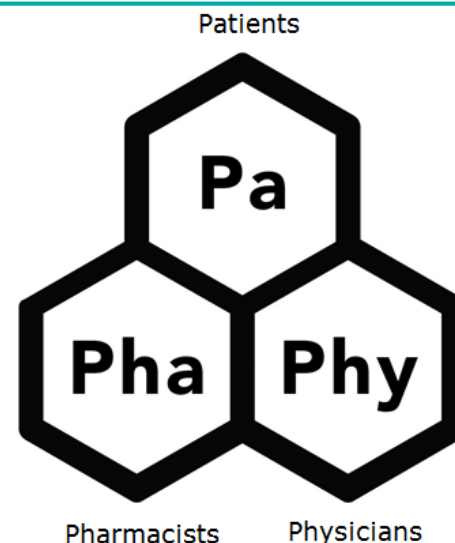

Physician Value Modelling (PVM)

We tackle poor Financial Data Quality using Machine Learning to allocate SG&A costs and establish a rigorous cost baseline. Using an Intelligent Cost Reduction methodology, we identify data-driven savings whilst maintain growth and headcount.

PVM is an innovative approach to assessing which physicians to target for commercial activities based on the patients they treat

Machine Learning for spend reallocation & Intelligent Cost Reduction
