

## Deloitte Data Science Solutions Demo Day: Life Science and Health Care Sector Focus

### Personalized the Risk - Detect, Investigate, and Respond to Fraud & Abuse

*Comprehensive platform that integrates modular components, including process and workflow management, advanced analytics, data visualization and reporting*

<p><b>1. What is the need?</b></p> <p>Criminals are increasingly sophisticated in their attempts to crack systems, bringing about an increasingly complex threat landscape. To stay ahead, intelligence and analytics capabilities are no longer an option.</p>	<p><b>2. What is our answer?</b></p> <p>We partner with leading technology firms and codify Deloitte's years of methodologies into an end-to-end platform to assist clients to see the bigger picture.</p>	<p><b>3. How do we accomplish it?</b></p> <p>We have an established process to create value through intelligence-driven prevention, where we work with our clients to deliver an integrated and holistic approach to tackle financial crime and potential new threats.</p>
