## Israel Regulation And Localization Solution for Oracle:

- In Israel, localization is classified into two categories: regulations and market-specific extensions.
- Oracle now provides many localization services as part of a localization package for Israel, with a number of services still in development.
- Deloitte assists Oracle customers in deploying missing localization services, both at the application and development levels.
- The solution's target audience is Oracle customers in Israel who require localization.

# IL Regulation Main Solutions for Oracle (1\2):
