Deloitte brand makes an impact that matters

If you have Deloitte on your resume, people start judging the quality of your work in a positive way, creating trust and enhancing the value of your work.

Learning was my earning

The assignment was full of new learning and challenges, which helped me develop a new approach towards a problem that made me more creative and solution oriented.

Young force

The young crowd makes you feel young and promotes greater aggression towards learning and playing with challenging work, making it seem like an adventure. This is a “work hard and party hard” environment.

Deloitte in the news:

• ‘APPRAISAL: Setting the standards’

“Our focus was to fuel performance through on-going feedback and development, enable leaders to see performance through real time data gathering and better recognize performance.” Launched ‘Reinventing Performance Management (RPM)’ - a system that has no one-a-year review or 360 feedback tools. It is hallmarked by speed, agility, engagement and the one-size-fits-one approach. It also offers the staff real-time performance feedback from the team leader. RPM allows giving professionals, 80% of whom are millennials, instant feedback.

- **Over 40 deans from India's premier institutions engaged in a dialogue with Deloitte leaders and eminent external speakers at Deloitte Deans Summit 2017.**

- **The global theme for this year's Women's Day initiative was "Be bold for Change" where we encouraged our professionals to adapt, even embrace, and change in all its varied multitudes. Consequently, this time, our Women's Day celebration was bigger and better, and lasted from 6-10 March 2017.**

Take a look at some of the interesting activities we had lined up for all of our professionals.

1. Sessions on well-being by experts
2. Talks by eminent professionals on the following topics:
 - Art of Balancing Emotions
 - Set your Priorities First Time, Every Time
 - Be Bold for Change
 - Work-life Integration
 - Intentional Career Pathing for Women
