“**People that Inspire**”, helps us to know which person/people made an *Impact* on you while you were at Deloitte and how did that help or motivate you

**Risk Advisory**  
I was given adequate technical and admin knowledge by my peers and seniors and specially working part of Kedar Sawale’s team. I worked with him for 2 years and then decided to step down to assist my husband in his business.

I could definitely see the change in my oral and written business communication, handling peers and credit for developing my personality. The credit for developing my presentation skills and client interaction goes to "Kedar Sawle", as he was very particular with his emails and communication and I got attuned accordingly.
