“Our colleagues for life!”

Half a year has flown by and with growing time, we're happy to build our network with you all. With this edition of **AlumD Broadcast**, we try to give you little and big insights of Deloitte, its people and about our Alumni.

Express yourself!

With our last edition, we introduced a new campaign to know what you feel about Deloitte and its people called, “**People that Inspire**”, to know which person/people made an *Impact* on you while you were at Deloitte and how did that help or motivate you in your life.

“

Srikumar, V.
Bengaluru

He has been very strong on all of his subject matters always. Being a dynamic personality, He handles his positions very efficiently while he is capable of handling things more than he should. Along with being a CA, he keeps himself globally active too.

He handles the Taxation services well while moving in his expertise.

Three Cool Things about Deloitte

1. Mentoring
2. Work-Life Balance
3. Awesome training sessions

Deloitte in the News:

Punit Renjen, Deloitte's Global CEO at PM Modi's meeting with top CEOs of America!

Punit Renjen, Deloitte's Global CEO, was one of the select CEOs from top 20 American firms, with whom Prime Minister, Narendra Modi, had a meeting on 25 June 2017 in Washington. In a round table interaction that lasted for about 90 minutes, the CEOs discussed and lauded the Prime Minister's initiatives of demonetization and digitization of economy, and the Goods and Services Tax. In the meeting, the CEOs expressed support for the flagship initiatives of the government like Make in India, Digital India, and Start Up India.

It is a moment of pride for us that Punit was invited to be a part of PM Modi's meeting with the distinguished group of CEOs from corporate America.

GST: Dawn of a new era

With GST going live today, we have attained a historic milestone for Indirect Taxes in India. However, there is much that organizations need to do:

- Interpret and apply the legislation and rules to their businesses;
- Work with their teams, customers, vendors, and key stakeholders to build knowledge, understand the new documentation, processes, and pricing;
- Adopt and adapt the technology needed to meet the new regime's requirements; and
- Refine and embed processes needed to complete necessary reporting and filing requirements.

At Deloitte, we remain committed to supporting this momentous journey and making an impact that matters.

One stop shop for Vehicles - Demyto.com

Demyto.com is your trusted advisor for complete auto care. Be it a car, bike or heavy vehicle, it is a one stop shop solution for your vehicles after sales service and accessories. Demyto.com is a website that combines innovation and a user friendly approach to locate nearest vehicle dealers anywhere in India.

The Beginning and the Journey

The journey of Demyto.com started with an exciting story. While working in the automotive and after sales domains, the founders realized the need for something to be done after meeting customers who had burnt their fingers with huge bills of repair wage with inconsistent explanation from garages. After around six months of market research, a strategy was formulated to enter this market.

Konkar said next on the agenda was expanding into other cities, starting with Mumbai and Bengaluru, for which the feasibility study had already been done. Alongside, he would pursue a franchise model for growing in Tier II towns. He added that he would be keen on participating in the subsequent rounds of funding that Demyto would raise in the future. The company would look at using the Internet of things in a big way, for which the technology platform and smartphone apps are already in place.
