Establishing long lasting network

Alumni aren't the employees who walk out of the door of an organisation. They are people who stay connected even after they leave. Those who stay in touch and are connections for life. We present to you the 14th edition of AlumD Broadcast, giving you important insights on Deloitte.

Stay tuned, we have something big coming up!

Words that Express!

"**People that Inspire**", helps us know which person/people made an *Impact* on you while you were at Deloitte and how did that help or motivate you.

“

P. S. Easwaran

The person who motivated me the most while I worked with Deloitte was P.Ishwaran. He was always good with all clients. Never had a trouble facing clients and also valued them. He was very natural at the impromptu business discussions. Because he was with Deloitte since a long time, he knew a lot about the firm. He had a natural flair at discussions and complex scenarios. He was demanding on people which brought the best of people while he himself stayed late hours fixing things.

The Reforms Payback: Bharat Moves With India

GST will bring many more Indians into the tax net, the insolvency law will shift the advantage to the creditor from the debtor, and demonetisation has the power to reveal the money trail. We just need to implement reforms in earnest, feel participants at the ET CEO Roundtable
