## INDUSTRY 4.0

---

Exploring the world of  
**connected enterprises**

The merger of advanced manufacturing techniques with information technology, data and analytics is driving another industrial revolution – Industry 4.0

---

### REVOLUTION 1.0

---

1784

Power generation,  
Mechanization

---

### REVOLUTION 2.0

---

1870

Assembly line  
mass production

---

### REVOLUTION 3.0

---

1969

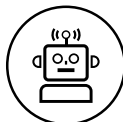

Programmable logic  
controller, IT automation

---

### REVOLUTION 4.0

---

?

Cyber-physical system,  
automation
