# Challenges in third party risk management engagements

Third-party risk is constantly evolving, with new response strategies required to address the rapidly evolving risk landscape. These challenges and opportunities demand a value-focused approach to third-party risk management and strategies around modernising practices and processes.

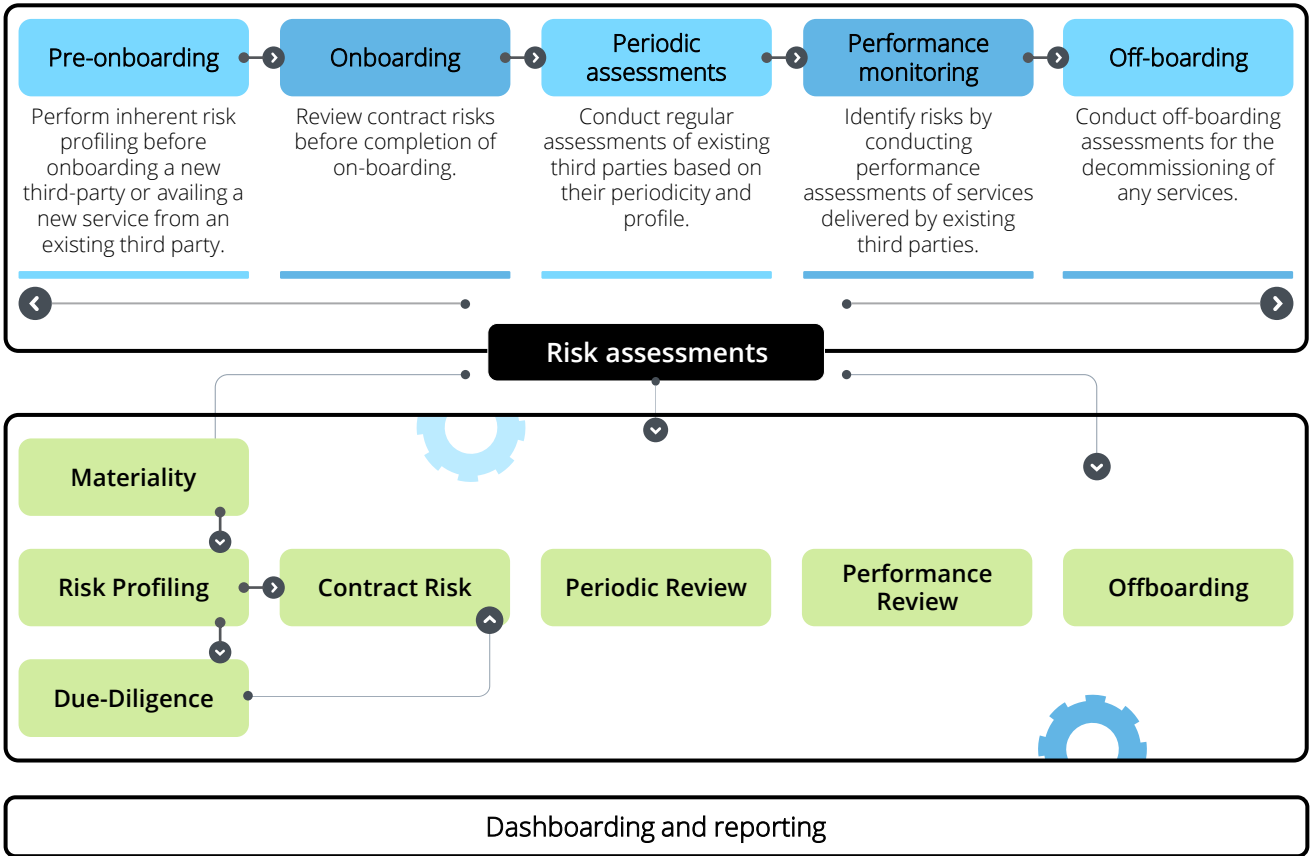

## Introducing Trygna

Trygna has been developed with the goal to automate third-party risk assessments and monitor third-party risks on a real-time basis. Trygna enables customised questionnaires, deep analytics, enriched question banks, and an integrated holistic view of risks, including risk ratings, open observations, ranking criteria, compliance scores, benchmarking, etc.
