About Deloitte	16

Foreword

Deloitte Touche Tohmatsu India LLP is proud to present the Thirteenth edition of its Deloitte Technology Fast50 India program – to recognize, honor and encourage those businesses and entrepreneurs who are striving forward with remarkable revenue growth rates using their technology, innovations and quality of human resources.

Sustaining growth in a competitive and dynamic environment requires innovation and adaptability on a continuous basis, and our Top 50 Winners of 2017 are a testament to this.

A program that started in 2005 has become the pre-eminent event recognizing excellence in Technology in India and we are truly humbled by the appreciation and enthusiasm of the participants over the years.

To maintain the comprehensiveness and quality of rankings of high-growth technology companies, key data is sourced from qualifying Businesses from across India. The resulting ranking tracks and

testifies to the achievement of the fastest growing 50 technology businesses in India, private or public, as gauged by their revenue performance over the past three financial years. We are thankful to all the participants including this year's and those who have been participating since inception of the program in 2005.

Special accolades to our 36 repeat winners to continue their growth momentum year after year, and welcome to the first time winners.

The overall winner in this year's ranking is "Polestar Solutions and Services" with a three year revenue growth of 805 percent, improving on their third rank from last year. The second, "Evolute Systems", recorded a three year average revenue growth of 760 percent, whilst the third placed, "Mobisy Technologies", grew by 617 percent.

We congratulate all the winners on their outstanding achievement and our best wishes to them to continue this winning streak in the years to come.

About Deloitte

We believe that we're only as good as the good we do.

All the facts and figures that talk to our size and diversity and years of history, as notable and important as they may be, are secondary to the truest measure of Deloitte: the impact we make in the world.

So, when people ask, "what's different about Deloitte?" the answer resides in the many specific examples of where we have helped Deloitte member firm clients, our people, and sections of society to achieve remarkable goals, solve complex problems or make meaningful progress. Deeper still, it's in the beliefs, behaviors and fundamental sense of purpose that underpin all that we do.

With over 150 years of hard work and commitment to making a real difference, our organization has grown in scale and diversity—more than 225,000 people in 150 countries, providing audit, tax, legal, financial advisory, enterprise risk, and consulting services—yet our shared culture remains the same.

For us, good isn't good enough. We aim to be the best at all that we do—to help clients realize their ambitions; to make a positive difference in society; and to maximize the success of our people.

This drive fuels the commitment and humanity that run deep through our every action.

That's what makes us truly different at Deloitte. Not how big we are, where we are, nor what services we offer. What really defines us is our drive to make an impact that matters in the world.

"Deloitte" is the brand under which tens of thousands of dedicated professionals in independent firms throughout the world collaborate to provide audit, consulting, financial advisory, risk management, and tax services to selected clients. These firms are members of Deloitte Touche Tohmatsu Limited (DTTL), a UK private company limited by guarantee. Each member firm provides services in a particular geographic area and is subject to the laws and professional regulations of the particular country or countries in which it operates. DTTL does not itself provide services to clients.

DTTL and each DTTL member firm are separate and distinct legal entities, which cannot obligate each other. DTTL and each DTTL member firm are liable only for their own acts or omissions and not those of each other. Each DTTL member firm is structured differently in accordance with national laws, regulations, customary practice, and other factors, and may secure

the provision of professional services in its territory through subsidiaries, affiliates, and/or other entities.

In India, we offer a range of Audit & Enterprise risk, Tax, Consulting and Financial advisory services across thirteen cities.

Our existence for over a century in the Indian professional arena supplements the technical proficiency of the client service teams to create powerful business solution tailored to the client's need.

We focus on clients. We take pride in our ability to provide quality services - whether they are an owner-managed business or a large multinational corporation. We are a multi-skilled, multi-disciplined firm, offering clients a wide range of industry-focused business solutions.

The Global Technology, Media & Telecommunications Industry (TMT) group consists of the practices organized in the various member firms of DTTL and includes more than 20,000 member firm partners, directors and other professionals dedicated to helping their clients evaluate complex issues, develop fresh approaches to problems and implement practical solutions. There are dedicated TMT member firm practices in 48 locations worldwide. DTTL's member firms serve 91 percent of the TMT companies in the 2015 Fortune Global 500.

Clients of Deloitte's member firms' TMT practices include some of the world's top software companies, computer manufacturers, mobile operators, broadcasters, advertising agencies and semiconductor foundries – as well as leaders in publishing, telecommunications, and mobile device manufacturing. Companies in the TMT sectors confront a swiftly changing marketplace. The TMT practices of Deloitte's member firms are helping companies adapt quickly to this evolving terrain by helping them unlock the innovative and creative thinking they need to compete.

About Deloitte Technology Fast50 India Program

The Technology Fast50 India program was launched in 2005, and is conducted by Deloitte Touche Tohmatsu India LLP (DTTILLP), and is part of a truly integrated Asia Pacific program recognizing the India's fastest growing and most dynamic technology businesses (public and private) and includes all areas of technology - from internet to biotechnology, from medical and scientific to computers/hardware. The program recognizes the fastest growing technology companies in India based on their percentage revenue growth over the past three financial years.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. Please see www.deloitte.com/about for a more detailed description of DTTL and its member firms.
