**TARAMAR**

An aerial photograph of a rocky coastline with turbulent ocean waves. The water is a deep, dark blue-green, and the white foam of the waves is prominent, especially on the left side where a larger wave is breaking. The rocks are dark and jagged, partially submerged. The overall scene is dynamic and powerful.

kerecis<sup>®</sup>

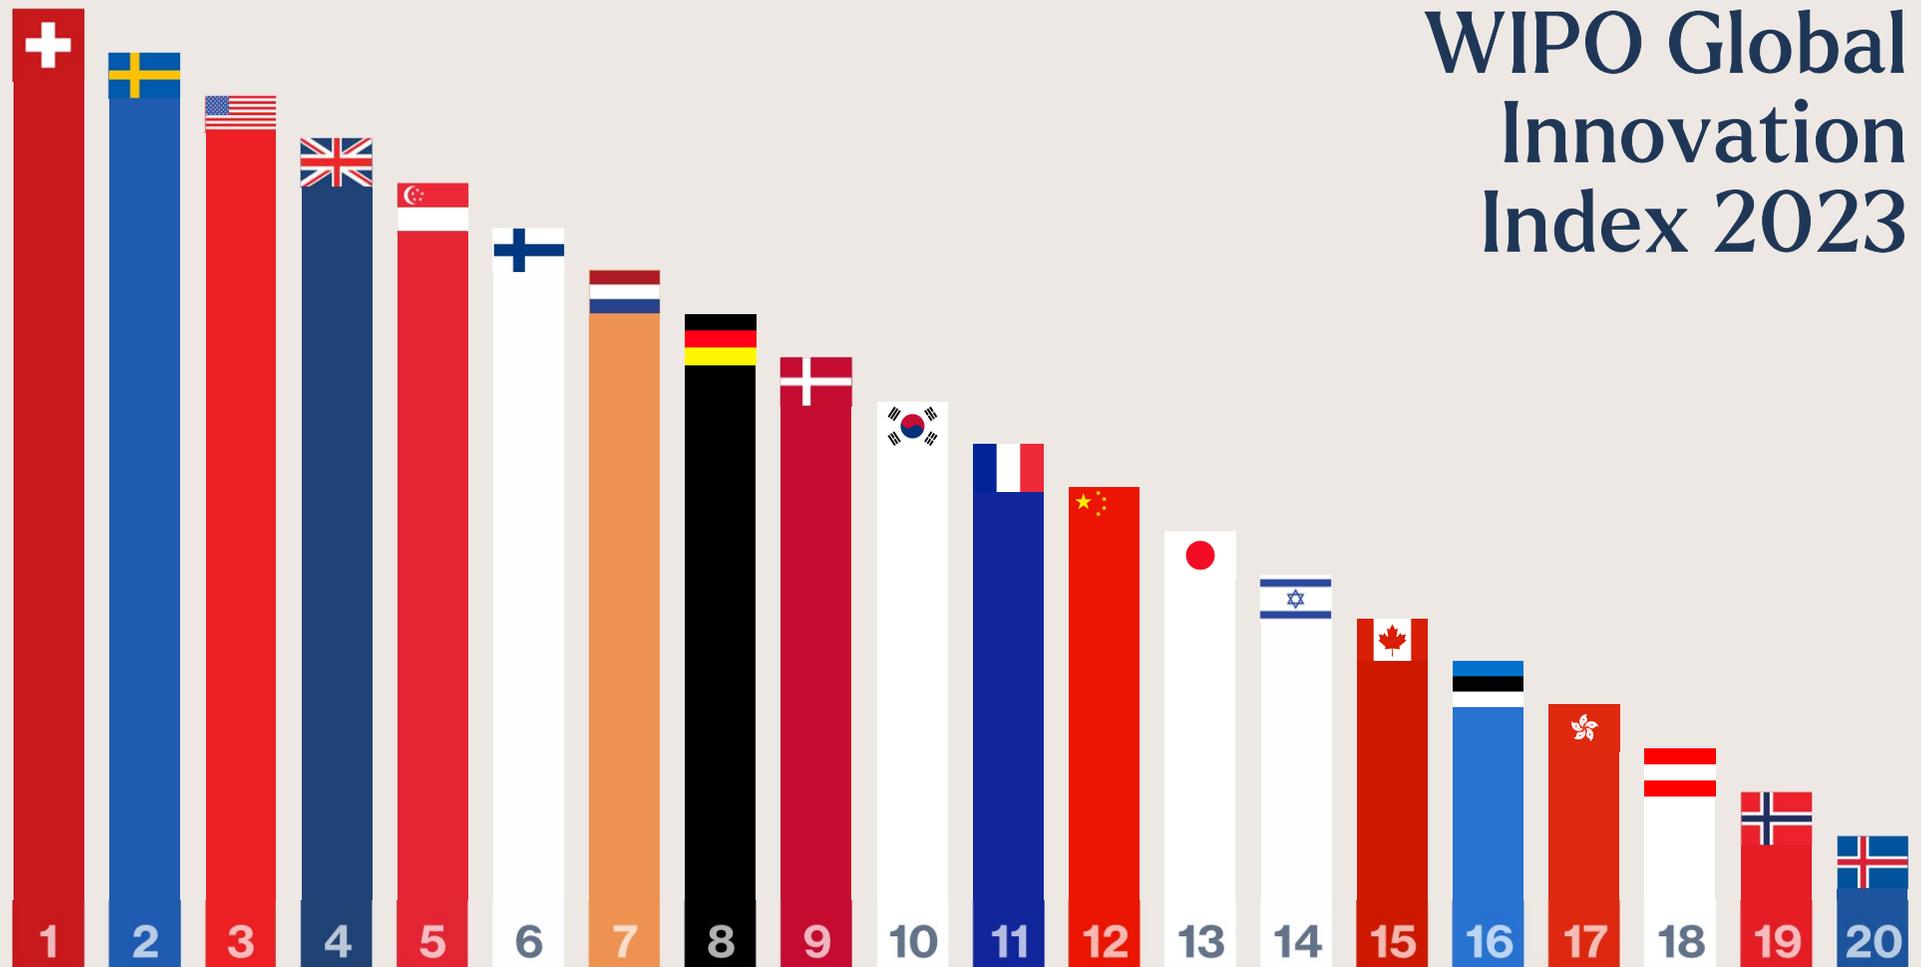

kereci

An aerial photograph of a coastal town, likely in Norway, featuring a mix of colorful residential buildings (red, yellow, white, blue roofs) and a prominent white multi-story building with 'kerecis' written on its facade. The town is situated on a peninsula or near a large body of water, with a steep, snow-covered mountain rising behind it. The sky is clear and blue. The word 'kerecis' is overlaid in large white font with a registered trademark symbol.
