Today's business environment presents an array of opportunities and challenges for companies contemplating a merger or acquisition.

### Tax Due Diligence: A better perspective

With these challenges comes potential risks. These risks create a need for companies to ensure they obtain an in-depth understanding of their target acquisitions.

With an in-depth understanding of the full tax landscape within the Cayman Islands, Deloitte helps both domestic and global corporate, entrepreneurial, and private equity clients obtain accurate and comprehensive information regarding the standing of target acquisitions registered in the Cayman Islands. Deloitte is able to verify:

- The type of company;
- Whether the company is in good standing;
- The registered office of the company;
- Previous names;
- The tax status; and
- If the company holds other licences.

In addition, Deloitte is able to acquire information on property ownership and court actions if required.
