

Change is coming. Are you ready?

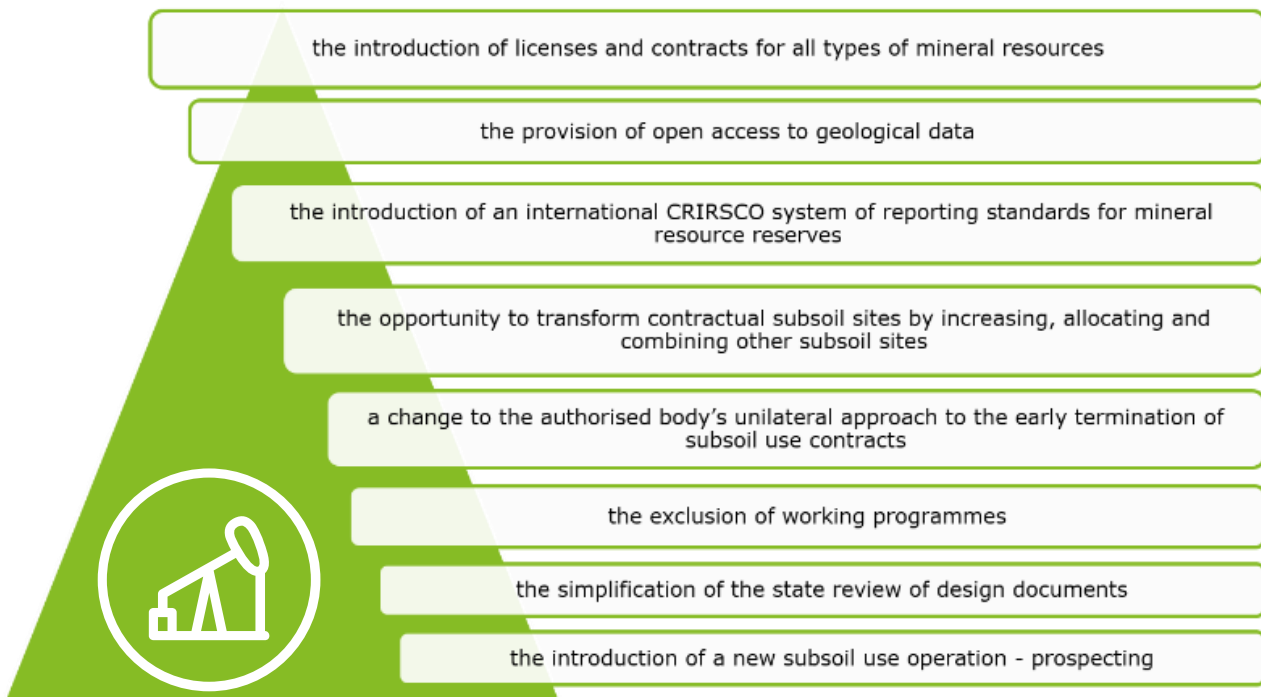

Into the New Year with a New
Subsoil Use Code

Dear friends,

As 2018 approaches, we are expecting the adoption of the New Code On the Subsoil and Subsoil Use (the "Code"), which will still regulate all subsoil use issues, but also promises to improve the investment climate.

The Mazhilis made 600 corrections and additions to the Code, and as at 21 December 2017 it been had approved at the second reading at a Senate session together with the corresponding law amending certain subsoil use legislative acts, whose purpose is to bring the entire legislative base into line with the new Code.

Once the president signs the Code, we will let you know about the most important provisions in it. However, in the meantime, we can let you know that the main topics discussed in the Code are:

- This document provides an in-depth analysis of the most significant amendments and changes planned to be introduced into legislative acts regulating business across a wide range of sectors. Our main objective is to inform our active and potential clients of the new developments in various areas of law.
- Deloitte is not responsible or liable for the use of the information contained in the document.
- The information contained in this document contains comments and conclusions based exclusively on information received from open sources.
- Even though this document covers topics of a legal nature, it is not a legal conclusion on any of the issues discussed in it.
- The aim of this document is to provide information of a general nature. Deloitte does not accept management decisions for anyone having read this document, and also does not take responsibility for any decisions taken based on the details provided in this document. Our conclusions are of an exclusively informative nature. Anyone having read this document will be responsible for any decisions taken to implement or refuse to implement recommendations and advice, if contained in this document.
