### Deloitte Luxembourg awarded ICT Strategic Advisor of the Year 2016

**Luxembourg 9 December:** Deloitte Luxembourg won the "ICT Strategic Advisor of the Year" prize at the Luxembourg ICT awards 2016 on 1 December. This award is every year given to a company that offers high-quality IT consulting services and that is capable of finding solutions to the various challenges facing the sector. The candidates in this category must demonstrate that they foster best practices while accompanying their clients in the development of their projects.

The jury highlighted Deloitte's capacity to identify technological trends that will impact business significantly, and for its broad business insights. *"This award is an excellent recognition of our work and of the focus we put on the strategic aspect of IT. Organizations need to have a clear IT strategy if they want to keep pace with change and keep their position in their markets,"* said Joel Vanoverschelde, Partner and Consulting Leader at Deloitte Luxembourg. *"Again this year, Deloitte's CIO survey showed that many CIOs and IT leaders are struggling to take on the strategic responsibility that comes with their positions, and this is something that we work with our clients to change."*

The Luxembourg ICT Awards aims to promote and spread best practices, and be a forum where the best IT solutions on the market are recognized. This year, a series of 14 awards were announced, and more than 1000 professionals took part in the award ceremony, according to Farvest.
