

Assurance Services

Instilling trust and confidence

We provide Assurance Services in relation to complex accounting matters, accounting aspects of transactional events, internal financial controls, and the certification of an ever-expanding range of non-financial and compliance aspects companies are facing.

Our expanded Assurance Services include:

Accounting & Reporting Advisory

Leveraging our accounting experience to provide a practical, business-oriented view on accounting decisions, such as

- Implementation of new standards,
- GAAP conversions or
- Accounting memos.

Disruptive Event Advisory

Supporting finance functions to manage accounting and financial reporting aspects before, during, and after an event in the company's lifecycle: IPO readiness, SPAC transactions, merger and acquisition integration, divestitures, and new business units.

Accounting Operations Advisory

Assisting finance functions, through the assessment and enhancement of

- Financial reporting processes,
- Management reporting systems or
- Accounting infrastructure.

Business Assurance

Enhancing trust in data, processes, calculations or non-financial information based on a proven methodology and well-known standards (ISAE 3000, ISRS 4400) has become a top priority for management and stakeholders in an environment
